The William Van Dusen Award is the highest award that our Association gives on an annual basis. This award is given to recognize the individual who has most served the Association in giving of their time and talents to enrich both the Association and our industry.

William Van Dusen was a Past President who essentially ran the Association in the 1970's from his own office, utilizing his own staff. His efforts and dedication in advancing the image of the Independent Agent were most instrumental in helping us become the top - notch organization we are today.

Each honoree receives a scholarship to the Advanced Agency Management Conference or any other event that one can benefit from continuing education credits along with a plaque. The announcement of the annual honoree and the awarding of the plaque are made at the Annual Installation Banquet.
